

A fine example of 3" pocket globe by Lane, London

Sold

REF: 376261

Diameter: 8 cm (3.1")

Description

A very clean and original example of a Lane 3" pocket globe in the original Morocco red leather case, with the celestial papers inside the case. Good colour and original lacquer to the globe. A similar example is in the Science Museum London also in a red leather case and was bequeathed by Queen Mary Circa 1810
