

Vacuum Pump

Sold

REF: 67698

Height: 57.15 cm (22.5")

Width: 31.115 cm (12.3")

Depth: 66.04 cm (26")

Description

A superb example of an Adams type of Vacuum pump, with what must be the finest collection of experimental apparatus in the world. These pumps were made by Adams to demonstrate the recently found power of a vacuum to gentleman collectors of the 18th century. There is a similar example in The Science Museum.
